SmithKline Bio-Science Laboratories

April 19, 1985

Dear Client:

Attached is your personal copy of SmithKline Bio-Science's comprehensive Service Manual incorporating recent test additions, adjustments to specimen requirements and changes in reference ranges. This Service Manual replaces the current manuals in circulation from both SmithKline and Bio-Science. It is effective May 1, 1985. If you require additional copies of the Service Manual or if you have any questions, please feel free to contact your Laboratory Service Representative.

This Service Manual represents a culmination of effort between SmithKline Clinical Laboratories and Bio-Science Laboratories' teams of experts from the scientific, technical and medical staffs in reviewing the specialized test services of both organizations. Their goals were to select procedures and methodologies for the new company which:

- o Have the greatest clinical usefulness
- o Are consistently reliable and accurate
- o Are convenient and timely for clients
- o Build on the knowledge and experience of staff expertise
- o Employ the latest, up-to-date technology and instrumentation

We hope that the expanded resources and capabilities of the partnership between Bio-Science and SmithKline Clinical Laboratories will afford you and your staff with the reference laboratory testing and services necessary to meet the challenges of today's health care delivery system by serving the medical community with high quality testing services in an economic way. We look forward to serving your laboratory needs in the years ahead.

Sincerely,

Peter Noce, M.D., Ph.D.,
Laboratory Director

David O'Bryan, Ph.D.,
Vice President and
General Manager
